

## Pulverizing Machine 2 HP

**Model: FX-2HPS**

### FLUXANAR BRAND

#### Features:

- Made of stainless steel ( SUS304 ) which reach sanitation standard by polishing treatment.
- Applied for industries for example : herbal 、 Chinese herbal medicine ( American Ginseng 、 Ginseng 、 Liquorice...etc ) 、 pharmaceutical 、 agricultural 、 chemical and laboratories...etc.
- The fineness of powder can reach 10 - 150 mesh based on different characteristics.
- Safety design for example power supply is close when pulverizing lid is open.
- Move more easily with wheels.

#### Specifications:

Model	FX-2HPS
Power	2HP
Voltage	220 VAC/50Hz
Rotation rate(rpm)	0 to 4000rpm
Capacity	15-20 (KG/HR)
Grinding Trough Size (H*D mm)	110*230
Machine Dimension (L*W*H mm)	650*450*930
Weight	80KG

#### Note :

- According to different characteristics of material, the fineness data would be changed.
- Feeding machine ( Optional )
- The sieve for 150 mesh ( Optional )
