

Auto-Dry Cabinet

Dry Active

Brand ACE / Korea

Features:

- Stores various products that are sensitive to humidity changes: Cameras, Electronic goods, Reagents, Specimens, Medicines, Sem-conductors etc.
- High-density foam gaskets perfectly prevent any contact with the outside.
- It is lighter than those of other companies, and excellent for protecting fragileness as all windows are made of PC.
- A wide digital LCD display screen indicates internal humidity and temperature.
- Auto-Dry Cabinet devices reliably keep internal humidity at 20%-40%.

Technical data :

Model	KA.33-73
Size	47.6L
Outside Dimensions	300(W)×380(D)×635(H)mm
Internal Dimensions	280(W)×340(D)×500(H)mm
Size of Shelf	280(W)×340(D)mm
Accessories	3 Shelves, 1 Digital Thermo-Hygrometer(built-in) included
Material	ABS+PC
Humidity Control Range	20-40%
Indicating humidity	10-80%
Deviation of humidity	±3%
Indicating temperature	-50°C~99°C(-58°F~210°F)
Deviation of temperature	±1°C(±2°F)
Voltage	220VAC, 50Hz
