

DH-50L

COOLAB

Dehumidifier

Features :

- Auto-defrost.
- Digital display. It could be controlled by timer and humidity.
- Famous brand compressor.3-minute delay to protect compressor.
- 4 universal castors for easy moving.
- Drainage with tank or external hose.
- Tank full alarm and auto shutdown.
- Sensor fault indicator function.

Parameters :

Dehumidifying capacity	: 50L/day (30°C , 80%RH)
Circulating air	: 500 m3/h
Voltage	: 220V , 50Hz
Power	: 720W
Bucket capacity	: 6L
Refrigerant	: R410a
Drainage method	: Water tank or direct drainage
Applied area	: 50-70 m ²
Operating temperature	: 5 to 38°C
Defrost	: Auto-defrost
Sensor	: Humidity sensor
Safety	: 3-minute delay to protect compressor
